

150 kVA cooled water portable welding transformer Dengensha

General Specifications:

- **Type:** Portable welding transformer
- **Manufacturer:** Dengensha
- **Model:** PACTV-150D-45UK
- **Manufacturing date:** 2000

Specifications:

150 kVA cooled water portable welding transformer Dengensha

Specifications: IEC204-1, EN50063, EN60742, ISO 5826

Type: PACTV-150D-45UK

Nominal power at 50% duty cycle: 150 kVA

Rated input voltage and frequency: AC415V 50 Hz

Insulation class: F

Secondary no-load voltage: 25.9 V

Rated power factor at short: 75%

: ME0190912

Ambient temperature: 0 a 50 °C

Weight: 224 Kg

Cooling water: 10 litros/minuto a 30 °C

Manufacturing year: 1998-2001

Units available: 19 units
